

Base Wall Light

The Base collection combines a smooth finished brass shade with a matt-textured cast iron base. Available as a wall, floor or table version.

Process	The base of the light uses the technique of sand casting, a process which involves compacting sand into a casting box and pouring in liquid iron to form the shape. The shades are spun and the edge is rolled, a lacquer is then applied to protect the finish.	
Year of design	2008	
Material	Cast iron, spun brass	
Product code	Base Wall Light	BSS03
Type	Wall Light	
Fitting	Wall Not available in the US Wall fixings not incl.	BSA03EU
